PROMOTIONAL USAGE

All promotional materials referencing a company's presence at ACC.20 Together With World Congress of Cardiology (ACC.20/WCC), including announcements, signage, invitations, emails, websites, advertisements, posters and flyers, must be approved by ACC prior to printing or use. Final versions of materials should be submitted for approval by March 3, 2020. Submissions should be sent via email to promotional@acc.org. Please allow a minimum of five business days for approval.

Noncompliance with these guidelines will result in the loss of ACC.20/WCC priority points by the exhibiting company. Management reserves the right to determine what, if any, additional penalty will be imposed. The exhibit may be closed based on the severity of the violation.

The ACC and WHF logos, names, insignia and other identifying marks may not be used on any exhibitor marketing, promotional or booth materials, either inside or outside the exhibit area. No endorsement by ACC or WHF of the exhibitor or its products or services, expressed or implied, is permitted or intended. The name of the association may not be included in any advertising for meetings sponsored by another organization or group without written permission from ACC. Furthermore, the fact that an exhibitor or its goods or services were exhibited at the ACC.20 Together With World Congress of Cardiology cannot be used in advertisements or promotional activities by the exhibitor.

ACC will grant a limited, non-exclusive, non-transferable license to ACC.20/WCC exhibitors and advertisers to use the ACC.20/WCC name and logo in an appropriate manner in conjunction with their advertisements and other materials promoting that exhibitor's or advertiser's participation at ACC.20/WCC. The exhibitor shall utilize the ACC.20/WCC logo in a manner consistent with these usage guidelines.

THE LOGO

The ACC.20/WCC logo is a visual translation of the brand attributes of the American College of Cardiology's 69th Annual Scientific Session Together With World Heart Federation's World Congress of Cardiology. It is a visual signature that should always adhere to these standard guidelines. Because of the complexity and nature of the exhibit environment, controlling exposure of the logo is vital.

When displaying the ACC.20/WCC logo, please maintain consistency with its established configuration and the way in which it is displayed. **DO NOT stretch, cut apart, recolor, change or alter the logo in any manner that is not displayed below.** Choice and usage of lockup is dependant on where logo is being placed, however the "Name, Date/Location" lockup is preferred.

If the logo is on a web page or within an e-mail, we strongly encourage companies to link the logo to www.accscientificsession.org.

Logos are available for download at www.expo.acc.org (login required).

The color configurations below should be respected at all times. When using colored papers, note that the ink color may not exactly match your color swatch because the paper color shows through in the offset printing process.

Make sure the appropriate ACC.20/WCC logo is used for light and dark backgrounds.

Logos for light backgrounds and dark backgrounds are available in various configurations and file formats.

Logos are available for download at www.expo.acc.org (login required).
