## LOGO AND LANGUAGE GUIDELINES

TRANSFORMING CARDIOVASCULAR CARE FOR ALL

AMERICAN  
COLLEGE of  
CARDIOLOGY®

As of Nov. 2023

# PROMOTIONAL USAGE

All promotional materials referencing a company's presence at the ACC.24 including announcements, signage, invitations, emails, websites, advertisements, posters and flyers, must be approved by ACC prior to printing or use. Final versions of materials should be submitted for approval by March 22, 2024. Submissions should be sent via email to [promotional@acc.org](mailto:promotional@acc.org). Please allow a minimum of five business days for approval.

**Noncompliance with these guidelines will result in the loss of ACC.24 priority points by the exhibiting company. Management reserves the right to determine what, if any, additional penalty will be imposed. The exhibit may be closed based on the severity of the violation.**

The ACC logo, name, insignia and other identifying marks may not be used on any exhibitor marketing, promotional or booth materials, either inside or outside the exhibit area. No endorsement by ACC of the exhibitor or its products or services, expressed or implied, is permitted or intended. The name of the association may not be included in any advertising for meetings sponsored by another organization or group without written permission from ACC. Furthermore, the fact that an exhibitor or its goods or services were exhibited at ACC.24 cannot be used in advertisements or promotional activities by the exhibitor.

ACC will grant a limited, non-exclusive, non-transferable license to ACC.24 exhibitors and advertisers to use the ACC.24 name and logo in an appropriate manner in conjunction with their advertisements and other materials promoting that exhibitor's or advertiser's participation at ACC.24. The exhibitor shall utilize the ACC.24 logo in a manner consistent with these usage guidelines.

# THE LOGO

The ACC.24 logo is a visual translation of the brand attributes of the American College of Cardiology's 73rd Annual Scientific Session & Expo. It is a visual signature that should always adhere to these standard guidelines. Because of the complexity and nature of the exhibit environment, controlling exposure of the logo is vital.

When displaying the ACC.24 logo, please maintain consistency with its established configuration and the way in which it is displayed. **DO NOT stretch, cut apart, recolor, change or alter the logo in any manner.** Choice and usage of lockup is dependant on where logo is being placed, however the Standard lockup is preferred.

If the logo is on a web page or within an e-mail, we strongly encourage companies to link the logo to [www.accscientificsession.org](http://www.accscientificsession.org).

Logos are available for download at [www.expo.acc.org](http://www.expo.acc.org) (login required).

## 1. Standard

## 2. Simplified - *no date/location*

## 3. Stacked - *for narrow layouts or smaller digital applications*

# LOGO CLEAR SPACE

Clear space is defined as the designated space around the widest points of the logo that must be maintained at all times in all applications.

The height and width of "x" is defined as the space between the top of the C and the edge of the color box in the logo lockup.
